The Lutheran Standard®

INDEX VOLUME 24/1984

ARRANGEMENT—

Author, subject, and title entries are arranged in one alphabet.

Articles listed under an author's name are entered in chronological rather than alphabetical order, as are entries for subjects. Each entry is identified by category such as Article, Newsfront, Back Page, Quick Look, I Think, Letters, etc., with the date of issue and the page number.

Obituaries are listed alphabetically throughout the index with the subtitle ALC Clergy Deaths, and they are combined into a separate list at the end of the index.

Bible references are listed under New Testament and Old Testament, in the order in which they appear in the Bible, with the article in which they appear, the date of issue, and the page number.

CROSS REFERENCES—
"See" references are made from various forms of an entry to the chosen form, such as UNIVERSITIES, SEE COLLEGES AND UNIVERSITIES.

Suggestions for use of *The Lutheran Standard* in groups

Explore ways in which *The Lutheran Standard* might be used by groups in the congregation. Because a majority of congregations provide every-home coverage, this publication offers many possibilities for group discussion as well as individual reading.

Congregational study groups that will find an article or series of articles in *The Lutheran Standard* of real value include:

—Adult forums or youth groups (focusing on topics such as formation of the new Lutheran church, apartheid, or the farm crisis)

—Church councils or committees (pertinent articles for inspiration and insight)

—Youth (topics for discussion at meetings, classes, or retreats)

—New members (articles on our Lutheran heritage, such as Philip Quanbeck's "Lutherans and the Bible," and on the past, present, and future, such as H. George Anderson's series on the new Lutheran church)

—ALC Women (information about the mission of the church and discussion topics covering a wide range of subjects)

—Stewardship and evangelism visitors (references in making calls)
—Family discussion (explore a specific article together)

SUGGESTION: Keep a complete file of the 1984 issues for handy reference. Articles of special interest often become particularly valuable when a congregation undertakes a particular emphasis or concern, such as the famine in Africa, formation of the new Lutheran church, apartheid, criminal justice, or the farm crisis. Members of congregations also should be encouraged to keep a file of their copies for future reference.

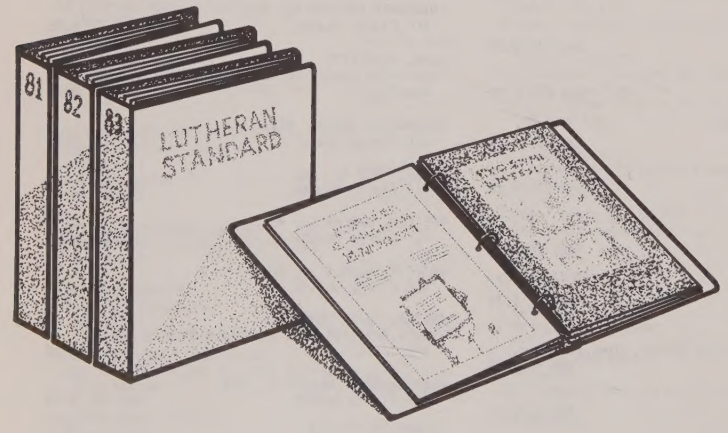
Compiled by the Falkenberg Press

A Suggestion

You can add one new book to your church library every year at no additional cost. . . .



A book filled with articles about evangelical outreach, worship, social service projects, and other timely topics for small-group discussion. . . .

One "chapter" of this book (a copy of *The Lutheran Standard*) arrives in the mail twice each month (once a month in June, July, August, and December). . . .

Use an inexpensive paper punch and a simple, three-ring notebook to assemble this book. . . .

Urge members of your congregation to compile a similar volume. . . .

Make sure that your ALCW president and Bible study leaders, your adult education director, your Luther League advisors, and your pastor each have one. . . .

At the end of each year, add the free Lutheran Standard Index for easy reference to the articles you need for your discussion group. Group use guides are available on request, without charge, from
